

## Relations of the U.S. And Russia Seem To Be More Favorable

Soviet Proposal  
Of Four Power  
Council Was up  
In Discussions

By GRAHAM HOVEY  
WASHINGTON, Oct. 26.  
(AP)—Relations between the United States and Russia seemed on the mend today in an atmosphere of better understanding.

These were the heartening developments:

1. State department disclosure that the two governments were discussing the Soviet proposal for a four-power council (U. S., Russia, Britain, China) to govern Japan.

2. Indications Russia would agree that when differences arose in the council, the U. S. position should govern.

3. Timely delivery of Russia's United Nations ratification documents, which permitted the world security organization to become a fact Wednesday.

Washington officials hoped the weekend might bring at least one more air-clearing event: an announcement that Russia had decided to participate in the Allied Far Eastern advisory commission, which will meet here for the first time Tuesday.

### Discussions Continued

Announcement yesterday of the continuing four-power council discussions climaxed a day in which government officials and newsmen debated this question:

When Foreign Commissar Molotov first proposed the council for Japan, did he mean one like that set up to govern Germany, or one like those established to administer former German satellite nations such as Hungary and Romania?

It made a lot of difference.

On the Berlin council, four Allies have equal authority. The chairmanship alternates among General Eisenhower; British Field Marshal Montgomery; Russian Marshal Zhukov, and French Gen. De Lattre De Tassigny. All decisions must be unanimous.

On the Balkan commissions, the U. S. and Britain have equal representation with Russia, but in the event of conflicting views the Soviet position governs.

The U. S. would not agree to a Berlin-type council for Japan. Officials say the problem of governing the Japanese home islands is entirely different.

## Ask Caution in Revoking Power

WASHINGTON, Oct. 26.—(AP)—Administration leaders asked Congress today to go slow in revoking war powers granted the executive branch of the government.

Reconversion Director John W. Snyder declared such action now would "seriously interfere with the reconversion program."

He told a house judiciary subcommittee "no wartime control will be exercised one day longer than is absolutely needed," but added:

"In our haste to return to the ways of peace there is grave danger that the very machinery we need to attain an orderly reconversion may be thrown out of gear by too hasty abandonment of some wartime controls."

In this category he placed rationing and priority authority, operation of the selective service system and many other powers.

Other federal agency officials echoed Snyder's view later.

But four congressmen pleaded for immediate action on their bills to proclaim a legal end to the war either on September 2 or August 14. They were Reps. A. L. Miller (R-Neb), Marion Bennett (R-Mo), Lewis (R-Ohio) and Boren (D-Ola).

## Discharge Points for Pilots in AAF

WASHINGTON, Oct. 26.—(AP)—All AAF pilots, navigators and bombardiers who are in the United States, have 44 points and two years of service now are eligible for discharge.

The same is true of other AAF officers with less than 44 points but with two years or more on active service, if their services no longer are needed.

The exceptions, an army air forces announcement yesterday, are personnel in the Air Transport Command, the Army Airways Communications System and the Weather Service assigned to foreign duty.

## Dr. Ley Hangs Self in Jail At Nuernberg

Was One Time Chief of Hitler's Labor Front

By George Tucker

NUERNBERG, Oct. 26.—(AP)—Bull-necked, lugubrious Dr. Robert Ley, one-time luxury loving chief of Hitler's labor front, hanged himself in his cell last night at the Nuernberg jail, where he was awaiting trial as a war criminal.

Col. John Harlan Amen, interrogation chief, disclosed today that Ley had left a document entitled "My Political Testimony," which Amen said was "a terrific apology for his anti-semitism." The message was directed to "My German People."

Ley also left two other documents, prepared in his cell. One was a will, addressed to his children; the other a long discourse directed to his three wives. A spokesman said he called upon his last wife not to remarry, "because I know you love only me." He was buried early today in an unmarked grave.

His suicide may mean major changes in preparations for the trial of the 22 other leading Nazis incarcerated there. With the opening of the trial just 24 days away, Ley's death was believed to exclude the use of certain documents with high value as evidence, pertaining only to the ex-labor boss.

The strips of towel were attached to plumbing fixtures and guards found Ley's dead body slumped over a toilet in his cell. His mouth was stuffed with rags torn from his underwear.

The sentinel on duty in the cell block of the criminal wing of the jail where the 23 major Nazis under indictment as war criminals were awaiting trial had noticed Ley sitting on the toilet seat. A little later he went into the cell to investigate and found Ley dead.

**Announced By U. S. Officer**

The official announcement of the death was made by prison commandant Col. B. C. Andrus of Denver, Colo.

It said:

"The sentinel on the post guarding Ley and three adjacent cells noticed that Ley was on the toilet seat while only his knees could be seen through the cell door.

"Upon completion of four rounds, which made the fifth check on that cell in two and one half minutes, he concluded that the prisoner had been sitting there too long. Coincidentally the sentinel of the guard came along checking on the turning in of eyeglasses which were taken from the prisoner at night.

The sentinel called the prisoner by name and received no answer. They entered the cell and discovered Ley was on the toilet seat. His mouth was stuffed with rags torn from his underwear.

**Fastened To Pipe**

"Around his neck was the hemmed edge of a towel fastened to the top of the flush pipe of the toilet. The guard called the prison officer, Lt. Gaul H. Graven, Madison, Wis., who cut the prisoner down."

A German prisoner of war doctor and Col. Rene Juhli, chief of the medical service in the prison, tried to revive the one-time Nazi official but all efforts failed.

**Captured By 101st**

Ley was captured by the U. S. 101st Airborne division near Berchtesgaden, acting on a tip of the German underground.

He had a four-day growth of beard and he said he was "Dr. Ernest Distelmeyer." When U. S. counter-intelligence officers began to question him he reached for a vial and attempted to swallow its contents, but the intelligence officer was too quick for him and knocked the poison from his hand.

He was taken in a jeep to division headquarters where positive identification was made by Frank Xavier Schwartze, treasurer of the Nazi party, and his son, Franz, as well as by an American officer who had known him for 13 years.

The last speaker on the program was Roger H. Young, USO director, who spoke on "Above and Beyond the Call of Duty."

Mr. Young told of the many things done by the various organizations connected with the USO. "All I have to do is to wish for something," Mr. Young said, "and I get it. Of course I always take care to wish in front of the right people!" He paid special tribute to Mrs. Carl Urban, who has given more hours of service than anyone in Sedalia and perhaps.

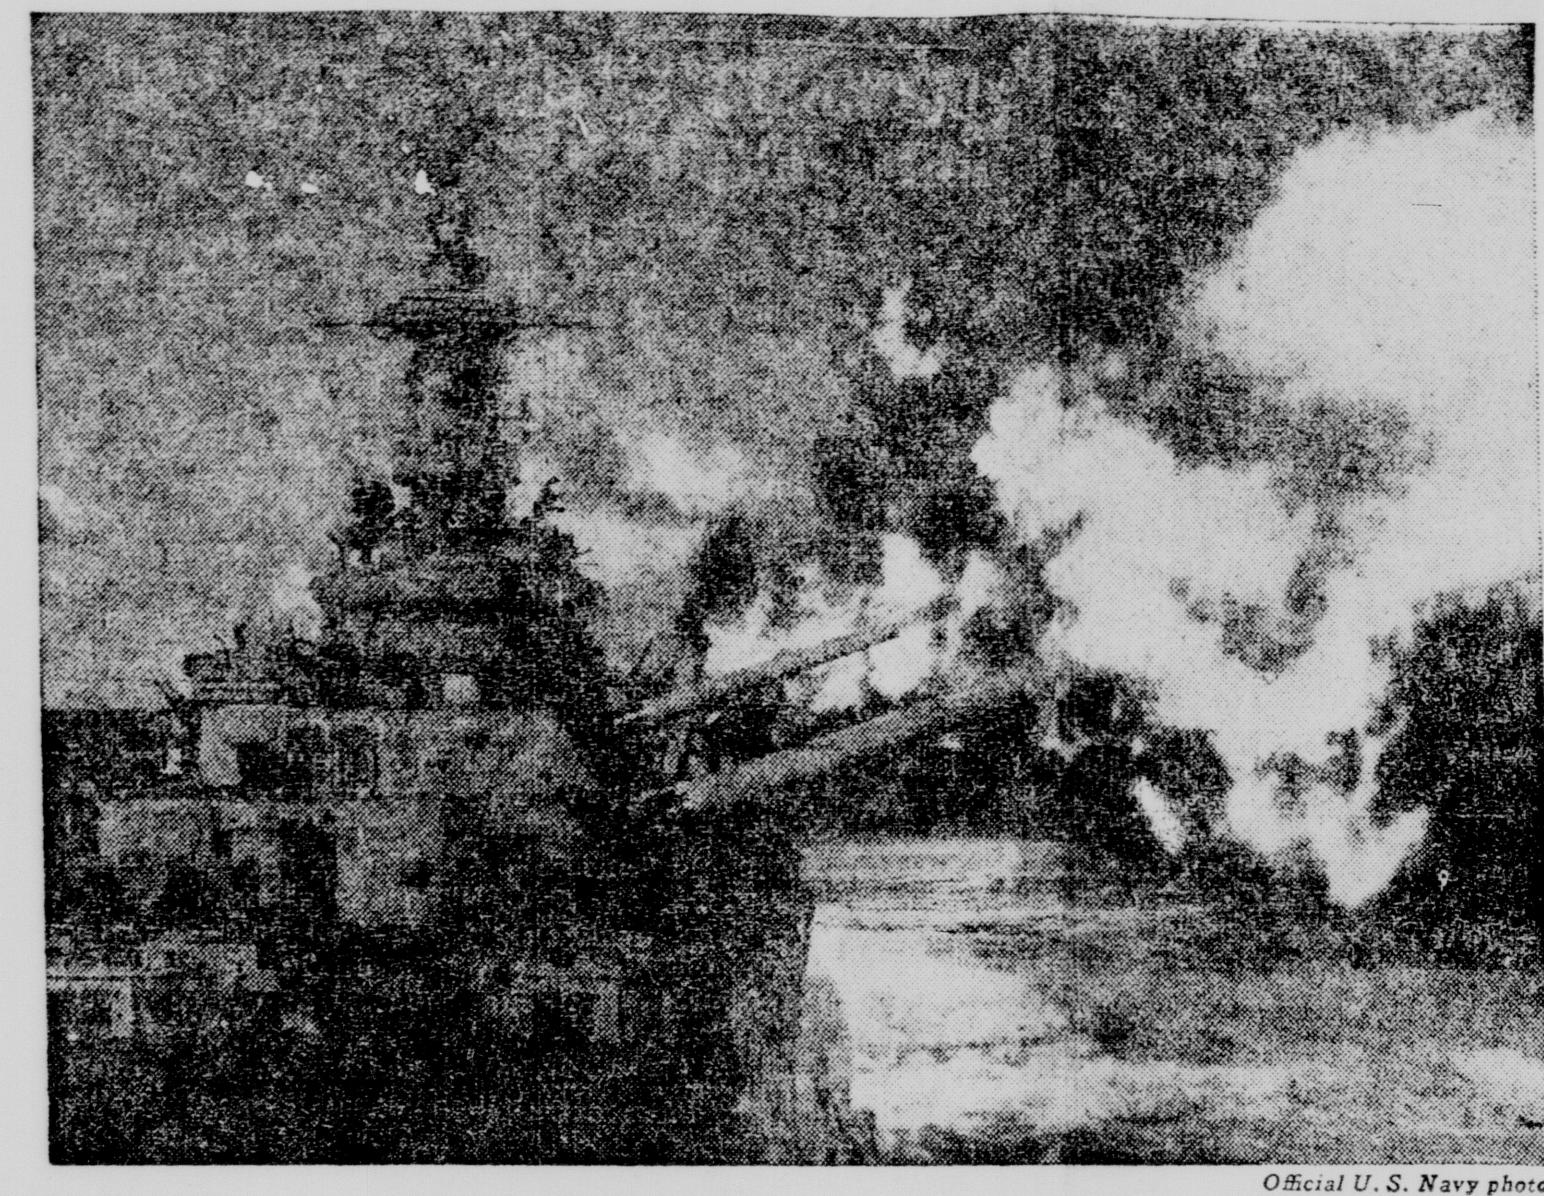

"Above Call of Duty"

Ley was among the 24 top-ranking Nazis, including Herman Goering and Rudolf Hess, who were indicted last Oct. 18 by the Allies for major war crimes. Ley was indicted on three counts.

## Victory Dinner Given by USO

Attended by 176  
At St. Patrick's Hall Thursday

The Victory dinner sponsored by the USO in recognition of the volunteer workers of that organization in this community was held Thursday evening at the St. Patrick's school hall with one hundred seventy-six persons present.

The hall was decorated in the Hallowe'en motif and autumn leaves. Bowls of fall flowers were used at intervals on the long table with white candles in candelabra in between.

Invocation was by Capt. A. R. Rush.

Rev. A. J. Brunswick, chairman of the USO council, presided over the meeting. He spoke briefly of the work that had been done by the volunteers since the organization was organized three years ago, stating that this dinner was held on the third anniversary of the USO. He then introduced Rev. H. U. Campbell, who served as toastmaster.

Mr. Campbell introduced two special guests at the meeting, F. W. Richardson, senior supervisor of the YMCA USO and F. L. Robinson, associate regional supervisor, both of Kansas City. Both Mr. Richardson and Mr. Robinson spoke of the unusually fine USO organization in Sedalia and of the cooperation found here that made it a success. They both stated that they were never called on to come to the Sedalia club because of any trouble or any friction.

**Talk by Major Hill**

Mrs. J. M. Rodeman was then introduced by Mr. Campbell and played a violin solo "Czardas" by Monti. She was accompanied by Miss Lillian Fox.

Major Lovette Hill was presented and made a brief talk on "USO as seen by Special Service Office." Major Hill expressed appreciation for the work done at the USO and to those who came to the Sedalia Army Air Field and said: "It was a job well done."

In the absence of Sgt. James W. Foch, scheduled to speak on "USO as seen by a GI," Mr. Campbell called on Dante Bassi, who has been stationed at the Sedalia Army Air Field more than a year and has taken part in all USO activities that he could possibly attend. He told of what the USO had meant to him since he had been in service and compared some of the large USO organizations in cities to the USO in Sedalia. "They are wonderful," the speaker said, "but they are just what money can give. Here in Sedalia it is different. Everything comes from the heart."

The next speaker was Miss Cille Miller, who spoke on "USO as seen by Service Club Hostess." Miss Miller told of the work of the USO at the base and said that the activities of the service club could not have been carried on without the GSO organization.

She also praised the women who came to the base to sew for the servicemen.

## Dogs Find Body Of Missing Man

BLUE SPRINGS, Mo., Oct. 26.—(AP)—The body of Charles Mershon, missing district manager of the Missouri Public Service Company and president of the Blue Springs school board, was found by bloodhounds today about one and one-half miles northwest of here.

John Hiffner, deputy sheriff, said Mershon appeared to have ended his own life with a knife. The cause of death could not be determined until the coroner investigated.

The next speaker was Miss Cille Miller, who spoke on "USO as seen by Service Club Hostess." Miss Miller told of the work of the USO at the base and said that the activities of the service club could not have been carried on without the GSO organization.

Worst knifer of Byrnes' peace-front plans was committee chairman Clarence Cannon from Truman's home state, Missouri.

Meanwhile the war and navy departments are still able to get just about all the money they want.

**Navy Nurse**

Earlier in the week this column told how navy Capt. W. J. Slattery, commander at Banana River, Fla., had used navy planes on various junks to arrange for an admiral's "clam bake" on the British Bahaman island at Cat Cay.

Captain Slattery is anxious to have enlisted men remain in the navy and recently suppressed an issue of the base newspaper "Banana Peeling" because it contained opinions by men and junior officers against remaining in the department of peace.

It was suggested that along with the department of war and the navy department, we set up as our first line of defense a department of peace to promote the idea that the only alternative to the atom bomb is to teach the world and ourselves that we must get along with each other. This is the only alternative to war, because if there is another war, we face the end of civilization.

One aftermath of this idea is significant. It occurred in the appropriations committee of the house of representatives the other day when its members voted appropriations for the state department.

It happens that the nearest thing we have to a department of peace is the department of state. That organization is by no means perfect, and might not be ideal to operate a department of peace.

## What Can One Do in a Case Like This?

**ESME OF PARIS** by Esme Davis

LESLIE CHANGES MY PLANS

XVII

After the show closed in Mar del Plata, the papers announced my forthcoming trip to Europe, and I was given a wonderful send-off at the station despite the early hour my train left.

Then all of a sudden, a chain of circumstances cropped up that obliged me to put my plans aside for a while. Mother's doctor wanted her to get away to Italy or the south of France for the good of her throat. Father agreed to take her to Capri, and I was going along to be with him.

Evar Mendez also wrote, giving me facts and figures regarding the tourney of my troupe. Fortunately, there were no debts. As a matter of fact, there was even a small profit waiting for me.

I had cabled Da Rosa regarding the date for rehearsals and received a reply asking me to get in touch with the dancer Michaelovich in Paris. I went at once to mother with Da Rosa's cable and announced my departure, bracing myself to meet the storm which I felt to be inevitable. To my surprise she did not seem to mind my leaving and was so absorbed in her own work that she merely said she felt sorry for Leslie and hoped I would treat him with as much consideration as possible.

Before speaking to him I had to talk with my father-in-law, and was glad to hear that he had been well-pulling and thought it very probable that Leslie would be appointed to the Intelligence Service attached to the Sudan government. Leslie began to feel much better and spent considerable time at his club again (a very healthy sign).

He asked me to see as much of his relatives as I could possibly bear, for they meant a great deal to him, all of them being extremely influential in military circles. He was so reasonably about my leaving that I decided if it would make him happy, I could curtail my visit to Paris for a few days and devote the time to coping with his family, thereby endeavoring to eliminate as much as possible any bad impression I had made upon them when we were first married.

Leslie's illness had upset everything, but the least I could do was to stay with him as long as possible. By the middle of April, however, I felt the time had come for me to leave. I knew Leslie cared a great deal more for me now, and I was trying to make up my mind how to announce my departure tactfully, when I received a letter from Nemanoff.

Leslie was very casual about the gravity of his operation, and we had been in Capri about a week when I received telegrams from his father and Reginald Greir, his doctor and personal friend, that they had been obliged to amputate his arm at the elbow and he was very ill. Of course I left immediately for London, and from the day I arrived there his condition improved. My parents came back shortly afterward, and mother saw my father off to Canada from Southampton.

# SEA-AIR POWER MAKES WORLD'S STRONGEST NAVY

PRESIDENT GOT MODEL OF SURRENDER SHIP, U.S.S. MISSOURI  
L. to R.: Vice Admiral Randall Jacobs, President Harry S. Truman,  
Secretary of Navy James Forrestal, Fleet Admiral Ernest J. King.

## Navy Day

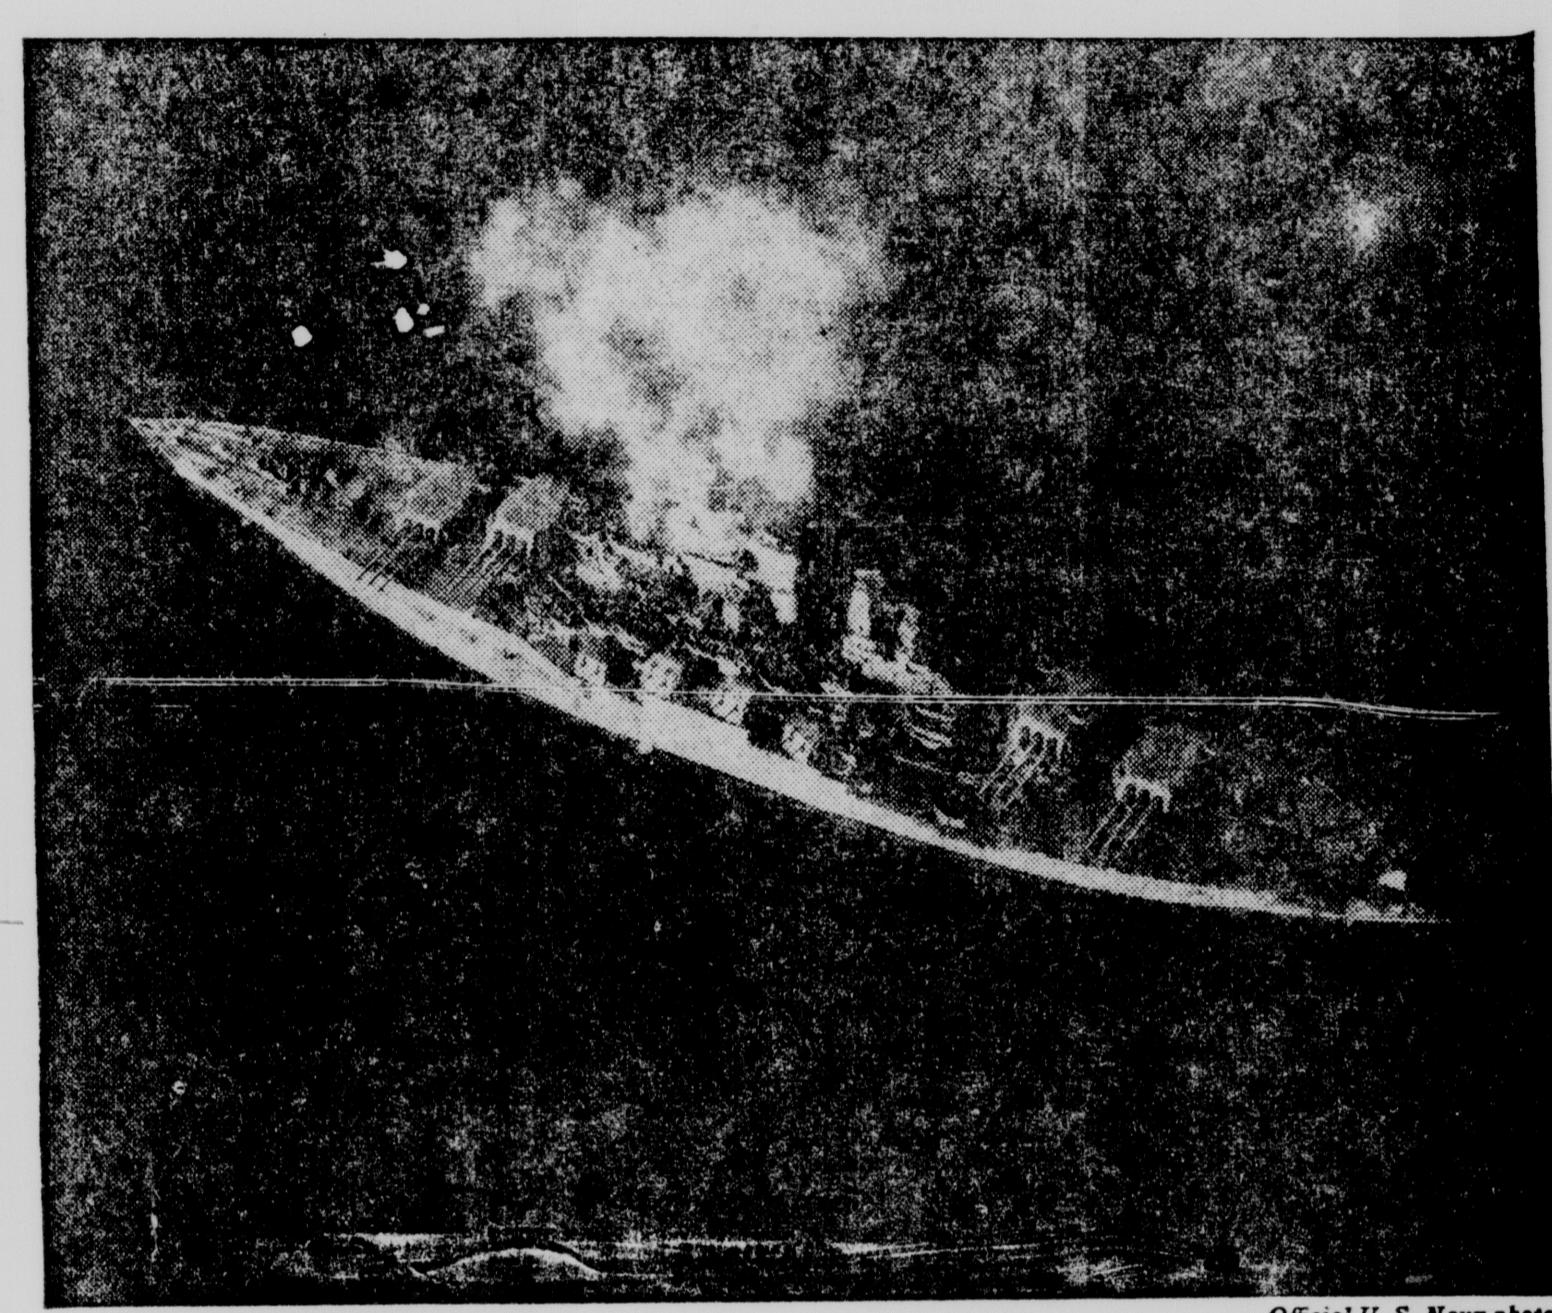

Acknowledging the part of its NAVY in final victory, a grateful nation celebrates Navy Day, Oct. 27. The war won, the importance of its air and seapower recognized, the "world's greatest Navy" readies itself for a vigilant peace; guns, ships, planes and men on the alert. The final story of the Navy's careful integration of its sea-air power and landing forces, will go down in history as an epic of military achievement. These official Navy photographs show several facets of the hard-fought struggle.

## Navy Sick List Long But Still The Favorite

### Claassen's Record In Picking Winners Is 813 Correct

By Harold Claassen

NEW YORK, Oct. 26—(P)—There's nothing like an upset to thrill the football spectators and some 73,000 fans will jam Philadelphia's Franklin Field tomorrow for Pennsylvania's clash with hopes of viewing a twist in form similar to the ones which sent Ohio State and Georgia down to defeat a week ago.

Both the Quakers and Middies are undefeated and each holds a berth among the country's top ten teams as determined by the weekly Associated Press poll. The only Penn casualty is Coach George Munger, suffering from influenza.

Navy's hospital roll is longer than a child's Christmas list but the Middies get this corner's very hesitant vote to triumph.

Other selections:

Ohio State-Minnesota: The pressure of their winning streak is off

the Buckeyes and they may rebound and halt Minnesota's hope of gaining the Big Ten crown. But the Gopher's all-around attack is too much. Minnesota.

Duke-Army: A year ago Duke led Army at the half, 7 to 6, and may repeat that experience this year but by the end of the game the Cadets definitely will be out in front. Army.

Georgia-Alabama: Charlie Trippi has had another week to work his talents into the Georgia setup. The Bulldogs will need more than that to stop the tosset of hurling Harry Gilmer. Godfrey Steiner will start at halfback for Georgia while his brother, Rebel Steiner, plays end for Alabama. Alabama.

Purdue-Northwestern: Purdue's reaction to its triumph over Ohio State a week ago may make this close. Purdue.

Southern California-Washington. The Trojans haven't been beaten by a college club this year—and don't intend to ruin that record this week. Southern California.

Holy Cross-Colgate: Stan Koslowski, Holy Cross's great back, may not play because of a knee injury. His absence would make it a tight affair. Holy Cross.

Iowa-Notre Dame: This contest ends the Hawkeyes' record of never having lost a football game to Notre Dame. Notre Dame.

Cornell-Yale: Naval transfers and returnees have altered both clubs beyond recognition but Cornell still has the passing of Allan Dekdebrun. Cornell.

Oklahoma A. and M.-Texas Christian: Bob Fenimore, the nation's top ground gainer, spells the difference. Oklahoma A. and M.

Tulsa-Indiana: The Oklahomans aren't making the trip north just to look at the scenery. Indiana's porous pass defense to decide. Tulsa.

Arkansas-Mississippi: The Razorbacks got a lot of bad football out of their system last week while losing to Texas, 34 to 7. Arkansas.

West Virginia-Maryland: At least six of Maryland's regulars are hobbled by injuries. West Virginia.

Vanderbilt-Louisiana State: The Bells are clicking. LSU.

Finishing the rest in a hurry:

Friday: UCLA over Oregon; William and Mary over North Carolina State; Miami, Fla., over Miami, Ohio; Detroit over Drake.

And on Saturday:

Farwest: Utah over Colorado A. and M., California over Nevada, Washington State over Idaho.

Midwest: Michigan over Illinois, Michigan State over Marquette, Great Lakes over Western Michigan, Missouri over Nebraska, Kansas over Wichita, Oklahoma over Kansas State.

South: Georgia Tech over Auburn, Florida over Southwest Louisiana Institute, Southern Methodist over Tulane, Tennessee over Villanova, Richmond over Catawba, Virginia over VPI.

Southwest: Texas over Rice, Texas A. and M. over Baylor.

East: Princeton over Rutgers, Temple over Pittsburgh, Lafayette over Bucknell, Harvard over Coast Guard, Dartmouth over Syracuse, Columbia over Brown, Kings Point over Boston College.

Last week's record: 33 correct, 6 incorrect. Season's record: 161 correct, 37 incorrect, percentage .813.

## Clear Decks For Trial Of Sen. Falzone

### Transcript Of Evidence Available For Both Sides

JEFFERSON CITY, Oct. 26—(P)—Decks were cleared in the Missouri state for the trial of Senator Joseph A. Falzone, St. Louis county Republican, starting next Monday.

In one of the final preparations, members of a special committee which drafted charges against him turned from the role of inquisitors to jurors. They reported their work was done and that they considered themselves discharged as special investigators.

They reported that a transcript of the evidence they gathered last spring would be made available to both sides when the formal hearings begin, along with exhibits now locked up in a Jefferson City Trust Company strong box.

The committee was appointed to inquire into published charges that Falzone had sought \$1,500 for his efforts to gain passage of a beauty shop bill. Investigators were Senators M. C. Matthes (R) of Hillsboro, Francis Smith (D) of St. Joseph and Jasper Smith (R) of Springfield.

They concluded the evidence was strong enough to warrant disciplinary action and later drew formal charges. If sustained by a two-thirds vote of the senate, Falzone will be ejected as unfit to continue in office.

As the committee was being discharged from further duty, Falzone was reported in Hannibal conferring with his attorneys, Waldo Edwards of Macon and Charles E. Rendlen of Hannibal, on final details of their trial strategy.

A hint that the hearings might drag on for weeks came in the midst of senate debate on another problem. Discussing a plan to defer action on a county classification bill, Sen. Francis Smith predicted the Falzone trial would last, at least a week and perhaps two weeks." Other unofficial forecasts have been longer.

Senate counsel have subpoenaed a dozen witnesses. Falzone's attorneys have not disclosed their witnesses.

HANNIBAL, Oct. 26—(P)—Charles E. Rendlen, Hannibal lawyer, said that State Senator Joseph A. Falzone of Clayton "has been ready and will be ready" for his ouster trial scheduled by the senate beginning Monday at Jefferson City.

Falzone conferred here today for several hours with Rendlen and Waldo Edwards of Macon, attorneys who will represent him during the trial which will hear charges of a senate special committee that he solicited a \$1,500 bribe to promote passage of a cosmetics bill.

## 5,000 Bales Of Cotton Burned

ALTUS, Okla., Oct. 26—(P)—A towering blaze that burned for more than seven hours Thursday destroyed 5,000 bales of cotton in one compartment of the eight-section traders compress.

Orah Voorhees, manager, estimated damage at \$500,000. The installation, with a storage capacity of about 36,000 bales, is owned by Traders Compress Co., Fort Worth, Tex.

The fire damage will slow down operation of the compress, Voorhees said, at a time when full speed is needed. Harvests in full swing in the Altus area with a little more than half the crop yet to be picked.

Company firefighters, aided by city firemen, brought the blaze under control shortly before noon.

## Truck-Train Crash Kills 4

MADISON, Ill., Oct. 26—(AP)—Four persons were killed and 19 injured when an Illinois Terminal railroad train hit a trailer-truck at a crossing here Thursday.

Dead were F. R. Groshong, 67, Venice, Ill., motorman on the train; Miss Eva May Streeper, 18, Alton, Ill.; Allen R. Smith, 23, Litchfield, Ill., and an unidentified woman.

The trailer-truck, carrying auto wheels, was struck by the train, bound for Alton, Ill., at a crossing in Madison.

Injured passengers were taken to St. Elizabeth's hospital in Granite City, Ill., where attendants said three were believed in serious condition.

Those seriously hurt were identified as Ralph Truss, Indianapolis, driver of the truck; Mrs. Catherine Carmody, Granite City.

Most of the injured were riding in the first car of the two-car train.

After the collision the truck overturned, spilling its cargo of wheels over nearby lawns. The train went off the rails but remained upright and caught fire when sprayed with blazing gasoline from the truck.

Bodies of Groshong and the two women were taken to a Madison funeral home.

### Victory Dinner Given by USO

(Continued from page one.) Many other places, too. He told of the pins given workers for the number of hours service that they had given and stated that some had many hours to their credit. Volunteer workers, he said, had done a magnificent job. They were always ready and willing to do anything at any time. Pins for hours of service were given A. B. Fletcher, owner of the Des Moines, Springfield and Southern bus lines and to his drivers, for furnishing transportation for USO workers to and from the Sedalia Army Air Field.

A short memorial service was held for William J. Anderson, who recently died. Mr. Anderson had been one of the most faithful workers in the War Dads. The community singing was led by Mrs. E. F. Yancey with Mrs. W. L. Monegan at the piano.

During the serving of the dinner music was furnished by Mrs. Mae Moser, piano and Mrs. Starling Griffith guitar. Flower arrangements were by Mrs. F. S. Leah and Mrs. D. P. Dyer.

The program committee was composed of Mrs. D. P. Dyer as chairman, Mrs. Carl Urban, Mrs. J. C. Connor and Pinkney Miller.

## Program for Community Day

### Births . . .

Son, born to Mr. and Mrs. Carroll Sanders, Florence, Mo., at 4:36 o'clock Thursday afternoon at Bothwell hospital.

Daughter, born to Mr. and Mrs. Leland D. Garrison, 909 East Fifteenth street, at 12:54 o'clock this morning at Bothwell hospital.

The theme of the meeting will be "The Price of Enduring Peace."

The program will be observed nation-wide, sponsored by the Council of Women because the church is a foundation for peace.

The council requests that the membership of all churches of Sedalia and its outlying districts observe a fifteen minute period of meditation and prayer at 9:00 o'clock each day prior to and including November 2, for our own local observance that all shall be made to realize more fully our individual responsibility of enduring peace. Pastors of all churches are asked to stress the call to prayer.

The combined chorus of all churches are invited to participate in community singing and to be present at the high school at 7:45 o'clock that evening. Front seats will be reserved for the choir.

Mrs. W. A. Green is president of the local council.

## First of Elks Dance Series Saturday Night

## Sunday School Lesson

Influence of Christian Homes  
Scriptures: Acts 16:13-15; II Timothy 1:1-6; 3:14-15; Titus 2:1-4, 11, 17

By William E. Gilroy, D. D.

Somewhere I have read of a humble home in Scotland, from which seven sons went forth into the world, all of whom became men of real eminence and usefulness. I have forgotten the record, but I think one son became an eminent surgeon, another a famous lawyer and judge; another an administrator in an imperial post, and the others won equal distinction.

That home always has stood in my mind as an example of the influences of a good home that reach far out beyond the lives of the parents, who themselves were without distinction except in the eyes of God. It was of such a home that Robert Burns wrote in his famous poem The Cotter's Saturday Night.

The seven sons of that particular home were not reared and sent forth without a great deal of toil and drudgery, perhaps not without poverty. There were long hours over the wash tub for the mother and hours of cooking and mending; her life many times must have seemed narrow and with little outlook or outlet. Yet, think of those seven famous sons and of the power and influence which really lay in the mother who bore them and trained them. For their lives were really an extension of hers.

Our American life is full of such records, though perhaps there are few, if any, American homes from which as many as seven sons have all become famous. But from humble homes all over the land, from parents who have had no distinction except in their own small commu-

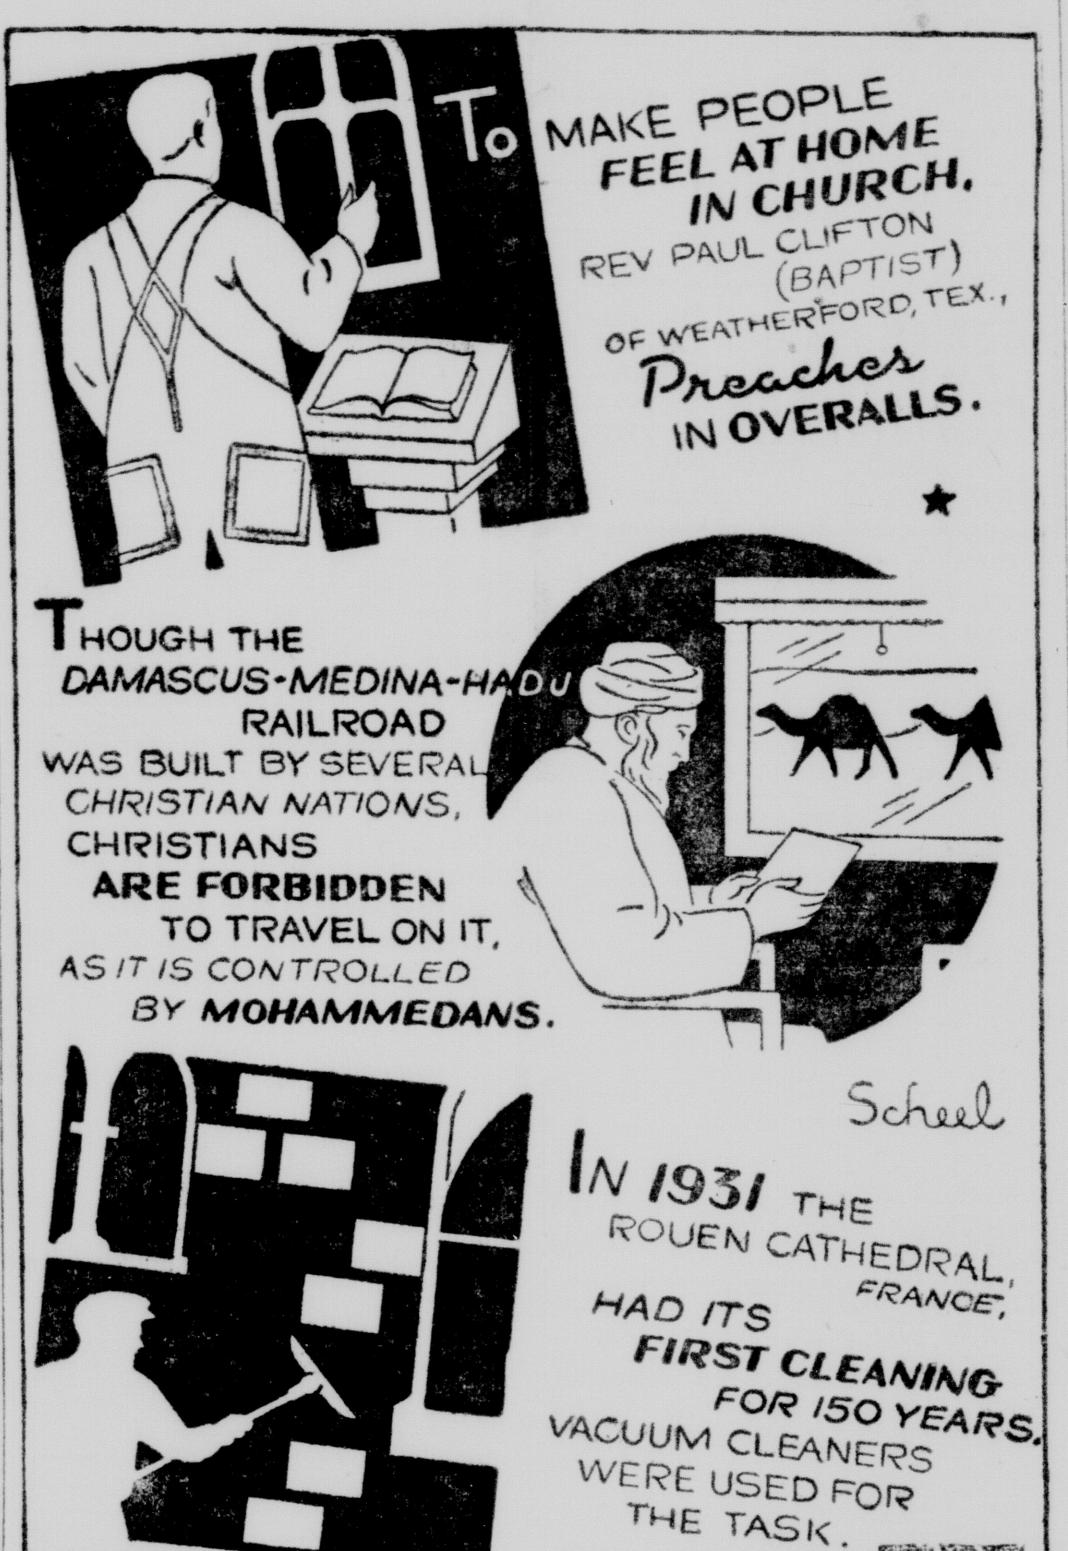

nities, have come sons and daughters nationally known for their greatness of character and achievements. For these we have not always given proper credit to the home.

The Scripture passages in our lesson emphasize, along with many others that might be cited, the place that good homes and Christian family life occupy in the New Testament and in the life of the early Christian church. Two instances of this are in the sixteenth chapter of the Acts. Lydia, the devout seller of purple, was baptized with her whole household; and when the jailer, about to kill himself because he supposed his prisoners had escaped, asked Paul what he must do to be saved, Paul answered: "Believe on the Lord Jesus Christ and thou shalt be saved, and thy house."

The influence of Christian homes is the same today, but too few homes are truly Christian. When we speak of "Christian," we must think of the Jewish ideal of home life, upon which the Christian ideal was founded.

What to me is a great example of the influence of good homes, includes both the Christian and the Jewish, and it is in the noble sacrifice of the four chaplains who gave their lives that others might be saved, when the transport Dorchester was torpedoed off the coast of Greenland. It will be remembered that these chaplains gave their life jackets to others and went down, praying, arm-in-arm. One of them was Clark V. Poling, son of the well-known Dr. Dan Poling, and the others were George L. Fox, another Protestant, John P. Washington, a Roman Catholic, and Alexander D. Goode, Jewish.

## Gifts For Europe

A young woman who has been soliciting used clothing from her friends to send to war-sufferers in Europe remarked that her collection contained "a perfectly beautiful evening gown." With a sad shake of her head, she added: "I wonder what use an evening frock is going to be to some woman over there who can't even buy a loaf of bread much less go to parties."

One may disparage the gift, but not the kindness that must have inspired it. Very likely to part with it meant some sacrifice; hence the gesture was one of true Christian generosity. And for all that commonsense may say, one cannot help but wonder what it meant to some lonely young girl in Amsterdam or Brussels, who has experienced not only physical hunger but the hunger for laughter and beauty, to receive something exquisite and charming that she could put on, and for a moment or two forget what it has meant to grow up in the shadow of terror and death.

Of course, the dress may never be sent at all, or it may be remodeled for more utilitarian use, especially since a hard, cold winter is coming on. But other gifts are promised—food and medicine as well as warm clothing and shoes—which will help to restore not only health but hope and confidence and, who knows, their sparkle and gaiety to the crushed peoples of Europe.

Churches in this country have been asked to organize relief efforts to save millions threatened with death from disease and starvation. War-ravaged populations be fed and nursed back to health before a new spiritual revival can be successfully undertaken.

Europe may not need evening gowns, but she is desperately dependent on the spirit that will move Christian hearts to remember the plight of her sufferers, the tragedy of uncounted millions will move Christian hearts to remember the plight future when laughter and parties may cease to be among the impossible things of life.

## Truman Will Make Policy Talk Tuesday

**Names Steelman  
As Troubleshooter  
On Labor Issues**

By HAROLD W. WARD  
WASHINGTON, Oct. 26—(P)—President Truman has moved to curb the postwar strike wave by appointing a troubleshooter and by arranging to broadcast a new wage-price policy to the nation next Tuesday at 10 p. m., eastern standard time.

Mr. Truman announced at a news conference that he had appointed Dr. John R. Steelman as his special assistant, to be used in any capacity he saw fit. Steelman, former head of the U. S. Conciliation Service, has been widely regarded as one of the most effective peacemakers on the labor-industry front.

### Discloses Agenda

The President also made public a proposed agenda for the labor-management conference beginning Nov. 5.

The President said Reconversion Director John W. Snyder, on whom he must chiefly depend for formulation of a wage-price policy, was not resigning, as had been rumored.

Mr. Truman said he would talk with all 39 of the participants in the labor-management conference before it opens November 5. Three represent the public and won't vote. There will be 18 voting delegates from the ranks of labor and 18 from management. Included in the labor delegation is John L. Lewis, and Mr. Truman said he would invite the United Mine Workers' President to the White House in advance of the conference, along with the others.

### Handled By Committee

The conference agenda was drawn up by a committee representing labor, management and government. It made no provision for machinery to take the place of the War Labor Board, which will be liquidated before January 1.

Steelman's appointment led to immediate speculation over Schwellenbach's future role in attempting settlement of labor disputes.

The four principles in the arrangements for the labor management meeting—AFL President William Green, CIO President Philip Murray, President Eric Johnston of the U. S. Chamber of Commerce and President Ira Mosher of the National Association of Manufacturers—sent Mr. Truman a joint letter which he made public. It stated that the conference "will place a significant

### Looking Backward

## Forty Years Ago

Capt. T. C. Holland has been named as a member of the staff of Supreme Judge J. B. Gant, commander of the Missouri division, United Confederate veterans.

George R. Smith, post No. 53, G. A. R., had a bean supper and smoker last night at which talks were made by Capt. W. A. Fast and Major Charles M. Niles. In a drill by the awkward squad, Charles Knoock carried off the honors.

Crouch & Sons received by express yesterday afternoon a carload of German coach and Percheron horses, the first consignment of a shipment of eighty-one head received in New York last Friday from Europe.

The Sedalia Gas and Fuel company's representatives in a conference with Mayor J. L. Babcock and members of the gas committee of the city council agreed to expenditure of from \$50,000 to \$75,000 in rebuilding the gas plant and equipment.

## Leaves Guam for Home and Discharge

Harry C. Anderson, pharmacist, first class, of Sedalia was recently detached from VRE-1, an evacuation squadron of naval air transport service and left from Guam to receive his discharge in the United States.

Anderson served seven months as flight corpsman with VRE-1. He holds the navy unit commendation awarded members of the squadron for evacuation of the wounded from Okinawa. He participated more recently in the evacuation of American prisoners of war from Jap prison camps.

Anderson has had 14 months of overseas duty. His parents, Mr. and Mrs. Harrison Anderson live at 210 South Prospect avenue, Sedalia.

## 1946 Auto Plates White and Black

Missouri's state motor vehicle license plates for 1946 will be a color combination of white and black, but the arrangement will be more attractive than in recent years, according to Secretary of State Wilson Bell, in whose office the state motor vehicle department is located.

The new plates will have white numbers on a background of black with a white border around the entire license. It is believed that the new arrangement will make the numerals more easily discernible. The 1945 tags have black numbers on a light tan background.

Missouri motorists next year again will be limited to one plate, due to inability to secure the steel necessary for the manufacture of the two-plate sets in use prior to the war. The paint to be used, however, will be of a better quality and will last longer.

The state license tags which under the law must be manufactured at the state prison are now being turned out at the big institution. Secretary Bell is insisting upon an improved delivery for next year in order that the sales of plates may not again be delayed. They will not be placed on sale at the state offices in Jefferson City and at branch offices throughout Missouri, however, until January 1.

## Sailor Praises Work Of American Red Cross, USO

E. H. Neal, Fireman 2/c USNR, in a telephone message to his parents, Thursday night, Mr. and Mrs. Emmett Neal, R. F. D. No. 1, Sedalia, praised the work of the American Red Cross and the USO. Neal arrived at New York harbor Wednesday and was given shore leave Thursday at which time he called his parents to let them know of his arrival.

He is assigned to the U. S. S. Boise and recently was in Pacific waters. His ship, he explained, passed through the Panama Canal and was met by Red Cross workers who gave the men hot coffee, cold drinks, cakes and cookies, while the units of the USO entertained with three shows.

Neal also told of his ship's arrival in New York. When the men were detained aboard, the Red Cross from New York went to the ship and passed out coffee, cold drinks, cakes, cookies and ice cream, "without charge" he said. They again were entertained by a USO unit.

He asked his parents to watch for news pictures as both motion pictures and newspaper photos were taken of his ship and aboard the cruiser when it docked at New York.

A machinist apprentice at the Missouri Pacific shops in Sedalia before his entry in the Navy last November 16 when they are to meet March 19, Neal went to California and received his "boot"

training at San Diego, later was stationed at Long Beach and San Francisco, before being assigned to the U. S. S. Boise.

## Hubbard High Beats Douglas

The C. C. Hubbard high school football eleven, Thursday afternoon at Lexington, defeated the Douglas high school team of Lexington by a one-side tally of 25 to 6. Sedalia's team clicked throughout the game and the passing of H. D. Jones was superb.

Hubbard high scored three touchdowns in the second quarter and one in the fourth. A pass good for 50 yards, Jones to W. H. Brooks, was good for the first blood; and a sensational run of 76-yards by Melvin Henderson who intercepted a Douglas pass made good the second tally; 10-yards around end by Jones was the third touchdown play.

In the fourth quarter Jones flipped the pigskin to Brooks for 50-yards, bringing forth the last scoring of the Sedalia team. Douglas scored their lone touchdown in this quarter.

Hall, Emerson and Nurse, on the Hubbard line played an outstanding game.

Today Hubbard high has no other game scheduled until November 16 when they are to meet Summer high school of St. Louis, here.

## House Defers Action On Bill To Protect Military Secrets

WASHINGTON, Oct. 26—(P)—House deferred action Thursday on a bill to protect military secrets, after several members said it would prevent a full investigation of the Pearl Harbor disaster.

Critics of the measure—which would prohibit unauthorized disclosure of codes and messages—also declared it restricted freedom of speech and the press.

Chairman Summers (D-Tex) of the judiciary committee told the house the army and navy want the legislation to insure security of secret codes.

## Rep. Brown (R-OHIO) said the bill is so broad that it "strikes at the very roots of freedom of speech and freedom of the press."

## Would Hamper Newsman

Rep. Clare Booth Luce (R-Conn) interposed that she thought it would prevent a newspaperman from getting "behind the scenes" of news unless they went to a government department head.

The Republican opposition was trained particularly on a provision that would let the President set regulations for disclosure of information about coded messages. The bill would provide a maximum penalty of 10 years in jail and \$10,000 fine.

Rep. Rankin (D-Miss) said the complaint he had with the bill "is that it does not go far enough." He told the house it should include also preservation of the secret of the "know how" of the atomic bomb.

## Passed By Senate

The measure already has been passed by the senate, after being amended there to meet protests

of Sen. Ferguson (R-Mich.) It was reported to the house by the judiciary committee without hearings. Several members took the floor to criticize this action, urging that "a full public discussion be held."

Rep. Halleck (R-Ind) shouted that the bill would "seal the lips" of Rear Admiral Husband E. Kimmel and Lt. Gen. Walter Short, commanders at Pearl Harbor, and "all those who have information about Pearl Harbor contained in coded messages."

Rep. Brown (R-OHIO) said the bill is so broad that it "strikes at the very roots of freedom of speech and freedom of the press."

## Would Accept Amendment

He offered to accept an amendment specifically saying that nothing in the bill should prohibit full disclosure of information about the Pearl Harbor attack.

When protests against the legislation continued, however, Summers moved to withdraw it from consideration for the present. He told newsmen later the committee would consider amendments "to answer the protests."

Summers commented that "if there is any danger to newspapers in the bill we will get it out." He said he did not see any such danger, however, and added:

"If your figure on what can be done under certain bills you can scare yourself to death."

Bowles commented at one point that his agency follows the law to keep prices at a point "generally fair and equitable" to business.

"You say you do, but you don't" snapped Taft.

Another time, Taft was quoting from an Indiana business man's complaint against OPA. Jerome M. Ney, deputy OPA administrator, asked for the concern's name. "Oh, no," replied Taft. "You'll say that's a threat to OPA and you'll go to that fellow and beat him down."

## Taft, Ney Argue

Taft and Ney got into a dispute about complaints from shoe manufacturers that OPA prices deter them from producing.

"I believe them, and I don't believe you," said Taft.

"That's your privilege," Ney replied.

Senator Hickenlooper (R-Iowa) told Bowles he knows offhand of six manufacturers who say OPA price policies are keeping them out of production, or at least limiting them.

The banking committee never got around today to Bowles' appeal for price ceilings on new and used housing. However, John B. Blandford, Jr., National Housing Administrator, testified "an explosive and disastrous price inflation" threatens unless controls are put on home prices. Senator Wherry (R-Neb.) disputed this.

## Dr. Ley Commits Suicide

Hangs Himself In Cell At Nuernberg Prison For War Criminals

By GEORGE TUCKER

NUERNBERG, Oct. 25—(P)—Dr. Robert Ley, former leader of the German labor front, committed suicide tonight in his cell by hanging himself with a towel which he tore into strips and knotted. Ley was awaiting trial as a Nazi war criminal.

The strips of towel were attached to plumbing fixtures and guards found Ley's dead body slumped over a toilet in his cell. His mouth was stuffed with rags torn from his underwear.

The sentinel on duty in the cell block of the criminal wing of the jail where the 23 major Nazis under indictment as war criminals were awaiting trial had noticed Ley sitting on the toilet seat. A little later he went into the cell to investigate and found Ley dead.

**Announced By U. S. Officer**

The official announcement of the death was made by prison commandant Col. B. C. Andrus of Denver, Colo.

It said:

"The sentinel on the post guarding Ley and three adjacent cells noticed that Ley was on the toilet seat while only his knees could be seen through the cell door."

"Upon completion of four rounds, which made the fifth check on that cell in two and one half minutes, he concluded that the prisoner had been sitting there too long. Coincidentally the corporal of the guard came along checking on the turning in of eyeglasses which were taken from the prisoner at night."

"The sentinel called the prisoner by name and received no answer. They entered the cell and discovered Ley was on the toilet seat. His mouth was stuffed with rags torn from his underdrawers.

**Fastened To Pipe**

"Around his neck was the hemmed edge of a towel fastened to the top of the flush pipe of the toilet. The guard called the prison officer, Lt. Gual H. Graven, Madison, Wis., who cut the prisoner down."

A German prisoner of war doctor and Col. Rene Juhli, chief of the medical service in the prison, tried to revive the one-time Nazi official but all efforts failed.

**Captured By 101st**

Ley was captured by the U. S. 101st Airborne division near Berchtesgaden, acting on a tip of the German underground.

He had a four-day growth of beard and he said he was "Dr. Ernest Distelmeyer." When U. S. counter-intelligence officers began to question him he reached for a vial and attempted to swallow its contents, but the intelligence officer were too quick for him and knocked the poison from his hand.

He was taken in a jeep to division headquarters where positive identification was made by Frank Xavier Schwartze, treasurer of the Nazi party, and his son, Franz, as well as by an American officer who had known him for 13 years.

Ley was among the 24 top-ranking Nazis, including Herman Goering and Rudolf Hess, who were indicted last Oct. 18 by the Allies for major war crimes. Ley was indicted on three counts.

## 5,000 Bales Of Cotton Burned

ALTUS, Okla., Oct. 25—(P)—A towering blaze that burned for more than seven hours today destroyed 5,000 bales of cotton in one compartment of the eight-section traders compress.

Orah Voorhees, manager, estimated damage at \$500,000. The installation, with a storage capacity of about 36,000 bales, is owned by Traders Compress Co., Fort Worth, Tex.

The fire damage will slow down operation of the compress, Voorhees said, at a time when full speed is needed. Harvest is in full swing in the Altus area with a little more than half the crop yet to be picked.

Company firefighters, aided by city firemen, brought the blaze under control shortly before noon.

Neal arrived at New York harbor Wednesday and was given shore leave Thursday at which time he called his parents to let them know of his arrival.

He is assigned to the U. S. S. Boise and recently was in Pacific waters. His ship, he explained, passed through the Panama Canal zone and was met by Red Cross workers who gave the men hot coffee, cold drinks, cakes and cookies, while the units of the USO entertained with three shows.

Neal also told of his ship's arrival in New York. When the men were detained aboard, the Red Cross from New York went to the ship and passed out coffee, cold drinks, cakes, cookies and ice cream, "without charge" he said. They again were entertained by a USO unit.

He asked his parents to watch for news pictures as both motion pictures and newspaper photos were taken of his ship and aboard the cruiser when it docked at New York.

A machinist apprentice at the Missouri Pacific shops in the cell block of the criminal wing of the jail where the 23 major Nazis under indictment as war criminals were awaiting trial had noticed Ley sitting on the toilet seat. A little later he went into the cell to investigate and found Ley dead.

**Announced By U. S. Officer**

The official announcement of the death was made by prison commandant Col. B. C. Andrus of Denver, Colo.

It said:

"The sentinel on the post guarding Ley and three adjacent cells noticed that Ley was on the toilet seat while only his knees could be seen through the cell door."

"Upon completion of four rounds, which made the fifth check on that cell in two and one half minutes, he concluded that the prisoner had been sitting there too long. Coincidentally the corporal of the guard came along checking on the turning in of eyeglasses which were taken from the prisoner at night."

"The sentinel called the prisoner by name and received no answer. They entered the cell and discovered Ley was on the toilet seat. His mouth was stuffed with rags torn from his underdrawers.

**Fastened To Pipe**

"Around his neck was the hemmed edge of a towel fastened to the top of the flush pipe of the toilet. The guard called the prison officer, Lt. Gual H. Graven, Madison, Wis., who cut the prisoner down."

A German prisoner of war doctor and Col. Rene Juhli, chief of the medical service in the prison, tried to revive the one-time Nazi official but all efforts failed.

**Captured By 101st**

Ley was captured by the U. S. 101st Airborne division near Berchtesgaden, acting on a tip of the German underground.

He had a four-day growth of beard and he said he was "Dr. Ernest Distelmeyer." When U. S. counter-intelligence officers began to question him he reached for a vial and attempted to swallow its contents, but the intelligence officer were too quick for him and knocked the poison from his hand.

He was taken in a jeep to division headquarters where positive identification was made by Frank Xavier Schwartze, treasurer of the Nazi party, and his son, Franz, as well as by an American officer who had known him for 13 years.

Ley was among the 24 top-ranking Nazis, including Herman Goering and Rudolf Hess, who were indicted last Oct. 18 by the Allies for major war crimes. Ley was indicted on three counts.

## 5,000 Bales Of Cotton Burned

ALTUS, Okla., Oct. 25—(P)—A towering blaze that burned for more than seven hours today destroyed 5,000 bales of cotton in one compartment of the eight-section traders compress.

Orah Voorhees, manager, estimated damage at \$500,000. The installation, with a storage capacity of about 36,000 bales, is owned by Traders Compress Co., Fort Worth, Tex.

The fire damage will slow down operation of the compress, Voorhees said, at a time when full speed is needed. Harvest is in full swing in the Altus area with a little more than half the crop yet to be picked.

Company firefighters, aided by city firemen, brought the blaze under control shortly before noon.

Degrees to Eisenhower, Clark and Winant

OXFORD, England, Oct. 25—(P)—Fabled Old Oxford university conferred honorary degrees today upon Gen. Eisenhower, Gen. Mark W. Clark and U. S. Ambassador John W. Winant.

## More Strikes Edge Into Labor Picture

### UAW Votes In Favor Of Stoppage At GM Plants

By The Associated Press  
The possibility of two more strikes—against General Motors Corp., and Montgomery Ward and company—edged into the national labor picture yesterday.

The CIO United Automobile workers voted nearly six to one in favor of authorizing a strike at GM plants in a poll conducted by the National Labor Relations Board.

While the auto workers voted, the general executive board of the United Retail, Wholesale and Department Store Employees (CIO), voted unanimously to call a nationwide strike against the mail order house, "at the most opportune time."

**Gets Authority**

President Samuel L. Wolchok, at a news conference in New York, said the board had placed authority in his hands to call the strike, which he estimated would affect 75,000 workers.

In the auto situation, Walter P. Reuther, UAW vice president, in Detroit termed the 70,853 to 12,437 vote "a mandate" to fight the wage case "to a successful conclusion." Some 325,000 persons are employed by General Motors.

The union has demanded a 30 per cent wage increase.

Reuther said, however, the result did not mean an immediate strike. The union's international executive board, which alone can authorize a walkout, will not do so "unless and until our attempts to arrive at a peaceable settlement fail completely."

**Other Developments**

Other major labor developments included:

1. Picketing continued at Warner Brothers' studio in Hollywood as AFL strikers prepared to resume work at other lots as results of Cincinnati settlement.

2. American Airlines restored partial service at Chicago and Detroit but 2,000 Pan American Airways employees in Miami deferred return to work, recommended by CIO union stewards.

3. Persons on strike or indirectly out of work because of labor controversies over the nation totaled 222,000 a slight drop from Wednesday.

**Expect Strike**

Both the UAW and General Motors predicted the NLRB vote would favor a strike and both expressed a hope none would be called. The company promised a formal statement on wage negotiations, in progress for days, within ten days.

The President said Reconversion Director John W. Snyder, on whom he must chiefly depend for formulation of a wage-price policy, was not resigning, as had been rumored.

Mr. Truman said he would talk with all 39 of the participants in the labor-management conference before it opens November 5. Three represent the public and won't vote. Three will be 18 voting delegates from the ranks of labor and 18 from management. Included in the labor delegation is John L. Lewis, and Mr. Truman said he would invite the United Mine Workers' President to the White House in advance of the Washington conference.

## Music Selections At S-C Assembly

Vocal selections featured the senior assembly at Smith-Cotton high school Wednesday morning, held in the auditorium.

Bob Cowan, accompanied by Rosalie Marshall, sang "Ol' Man River" and the boys glee club presented three numbers under the direction of Miss Geraldine Teufel. Miss Marshall accompanied.

The selections were "The Song of the Jolly Rogers," "My Buddy" and "I Dream of Jeannie Light Brown Hair."

Miss Marie Larkin, art teacher, gave an interesting chalk talk.

Betty Anderson, senior student council president, who presided over the assembly, made a talk on the Community War Chest drive.

## Veteran Talks On Legion Activities

The American Legion Post 342, met at 8 o'clock Thursday evening at the State Guard Armory.

In the absence of the post's commander and vice-commander, who were called out of town, J. H. Brooks, past post commander, presided.

Ralph Baker, veteran of both world wars, a past post commander, gave an interesting talk on "Legion Activities" mentioning courtesies extended to him by various posts in the United States.

Miss Margaret Ferguson, recently discharged from the Women's Marine Corps Reserve, has placed her membership in Legion Post 342. This makes two feminine members, the first being Miss Elinor Devine, formerly of the WACs.

The meeting was well attended. The post voted to give a ball in the near future.

## Break In Deadlock Between Russia And United States Over Japanese Control Indicated

### House Defers Action On Bill To Protect Military Secrets

WASHINGTON, Oct. 25—(P)—The house deferred action today on a bill to protect military secrets, after several members said it would prevent a full investigation of the Pearl Harbor disaster.

Critics of the measure—which would prohibit unauthorized disclosure of codes and messages—also declared it restricted freedom of speech and the press.

Chairman Sumners (D-Tex.) of the judiciary committee told the house the army and navy want the legislation to insure security of secret codes.

**Passed By Senate**

The measure already has been

**Bynes Reveals Discussions On Allied Council Have Taken Place**

By JOHN M. HIGHTOWER

WASHINGTON, Oct. 25—(P)—Secretary of State Byrnes disclosed tonight that the United States is discussing with Russia the question of creating an Allied Control Council for the administration of Japan.

This was the first indication of a possible break in the deadlock between Russia and the United States on the Japanese question, one of the major points at issue between the two great powers. Russia has been insisting on a control council.

It was not clear whether such a council, if finally agreed to, would replace or subordinate Gen. Douglas MacArthur, supreme Allied commander in Tokyo for the period of military occupation thus far.

However, the state department announcement strongly indicated that the United States would not agree with any proposal which did not provide that its policies should prevail in event of a disagreement among the American, Russian, British and Chinese members of a control agency.

**Has Backed Down**

Russia, the state department indicated, has backed down from her insistence that decisions of the council could only be made by unanimous agreement of the members—a system that has not worked well in Germany. There were some signs that Byrnes and his state department advisors were more favorably disposed to consider the Russian proposition than they had heretofore.

## High Production Of Milk By Dairy Herd Association Cows

The 146 cows owned by members of the Pettis County Dairy Herd Improvement Association produced an average of 550 pounds of milk and 25.8 pounds of butterfat during the month of October.

Four cows were sold during the month, three of which were low producers and one for dairy purposes.

Earl Wood is in the process of building a modern dairy barn and a milk house this month. S. G. Monsees has recently completed a modern milk house and a nursery and maternity shed with four box stalls.

Production has lagged during October because of the condition of fall pastures. Grain feeding is important to maintain milk production.

## House The Good Pullets Only

House only good pullets, says J. U. Morris, County Agent, as it is wishful thinking to expect poor pullets to make good layers. Such inferior birds only add to an already over-crowded condition in most houses, increase mortality, consume valuable feed, and lower the profits from the farm flocks.

High mortality quickly cuts profits. Close culling at housing time can help reduce mortality. In recent work at Cornell University they found that a greater percentage of the pale-sanked pullets died than those with lots of yellow in their shanks. They also report that poor fleshing on ready-to-lay pullets was indicative of a high rate of mortality in birds five to sixteen months of age.

Also, take out the "gray-eyes" as they show up, as an aid in keeping down mortality resulting from fowl paralysis.

Having the laying house emptied of all old birds for a couple of weeks before the pullets go in, and giving it a thorough cleaning, will help a lot in avoiding trouble in the new "tenants"—Nor should pullets be mixed with old hens.

## Shops and Rails

O. A. Garber, chief mechanical officer for the Missouri Pacific, L. R. Christy, superintendent car department, L. P. Krampt, general supply agent for the Missouri Pacific, were in Sedalia last Tuesday and Wednesday on business. They were accompanied by J. H. Thomas, secretary to Mr. Garber, and arrived in Business Car No. 5.

Irvin Eckman, associated editor for the Missouri Pacific Lines magazine in St. Louis, was in Sedalia on business Friday.

Upon being transferred, he received the commendation of Col. Oscar A. Heinlein, commanding officer of the 103rd weather group, for "contributing to the outstanding achievements made by the AAF weather service throughout the world."

Col. Heinlein added that, "Sgt. McVey performed highly specialized work in the field of weather for which there was little individual glory. However, his work and that of other army weathermen played an important role in enabling the Army Air Forces to achieve a splendid record during the war. By making possible accurate weather forecasts, a maximum number of successful missions with a minimum loss of personnel and equipment was accomplished."

Sgt. McVey served for more than five years with the Army Air Forces, 32 months of which was spent in the Caribbean theater. He was awarded the American Defense medal, the American Theater ribbon, the Good Conduct medal, and the AAF Technician's badge. He is the son of Mr. and J. S. McVey of East Tenth street.

## Trainees of Col. Salisbury Are Honored

### Four Pilots at Galveston Field Top Gunners

For their part in helping Galveston Army Air Field pilots achieve the highest fighter gunnery scores in the Army Air Forces, four pilots were honored in headquarters recently when the station commander, Col. Arthur G. Salisbury, presented them with miniature P-47 Thunderbolt airplanes. They were: Lt. Col. A. W. Schinz, Ottawa, Ill.; Capt. B. B. Toland, Little Rock, Ark.; Capt. A. B. Swanson, Muskogee, Okla., and Capt. M. H. Watkins, Knoxville, Ark.

A few months ago the fighter gunnery program at the field was barely known, as it occupied the efforts of only one small squadron. In April the 72nd Fighter Wing took over the field and turned it into a huge fighter gunnery school with Colonel Salisbury in charge, and Lt. Col. A. W. Schinz, director of training.

The biggest part of all fighter gunnery training of the Second Air Force since April was accomplished at GAAF, and pilots trained there did their share and more to force the Nazis and Japanese to throw in the sponge.

#### Had Highest Average

When the war with Japan was declared over, GAAF trainee pilots and instructors had the highest average of hits in moving targets through the entire AAF. "Desire, morale, and the spirit of all personnel connected with the school produced the high score," Colonel Salisbury declared.

Firing at a moving target was done in several types of gunnery missions — overhead missions, flights at high altitude of 20,000 feet, low altitude mission and high-side-firing. Targets were towed by P-47 aircraft, the same type of planes flown by trainee pilots at the field.

During September the overall average of trainee pilots in aerial gunnery scores at GAAF was 37.6 percent. Instructor pilots achieved a higher mark of 50.1 percent as their overall average.

#### Flying Circus Commander

Colonel Salisbury, who commanded America's famous "flying circus" in the air war against the Germans in Africa, has six enemy aircraft to his credit, and an undetermined number on the ground. During his two years of overseas duty, he flew a P-47 in support of the invasion of the European continent.

The colonel has been awarded the British Distinguished Flying Cross, the Legion of Merit, the American Distinguished Flying Cross, the Purple Heart, the Air Medal with four Oak Leaf Clusters, the Distinguished Unit Badge with three Oak Leaf Clusters, and the European Theater ribbon with six battle stars. The colonel lists Sedalia as his home.

All the supervisors were veterans of overseas combat and were high in their praise of the P-47. Colonel Salisbury pointed out, Lt. Col. Schinz shot down several Japanese in the Pacific, while Captains Toland and Swanson also served. Capt. Watkins destroyed several German aircraft in Egypt, Tunisia, Sicily and Italy.

## Victory 4-H Club Has Election

Officers were elected as follows at the meeting of the Georgetown Victory 4-H club Tuesday evening at the school: president, Marie Weller; vice president, Russell Curry; secretary, LeRoy Weller; treasurer, Marilyn Miller; musician, Elva Huddleston; song leader, Norma Lewis; recreational leader, Jincy Dunham; parliamentarian, Donald Lewis; reporter, Marion Stephens.

Songs were sung and games played.

The new officers will be installed at the next meeting, November 13, at the school.

## Gets Discharge on Return From Europe

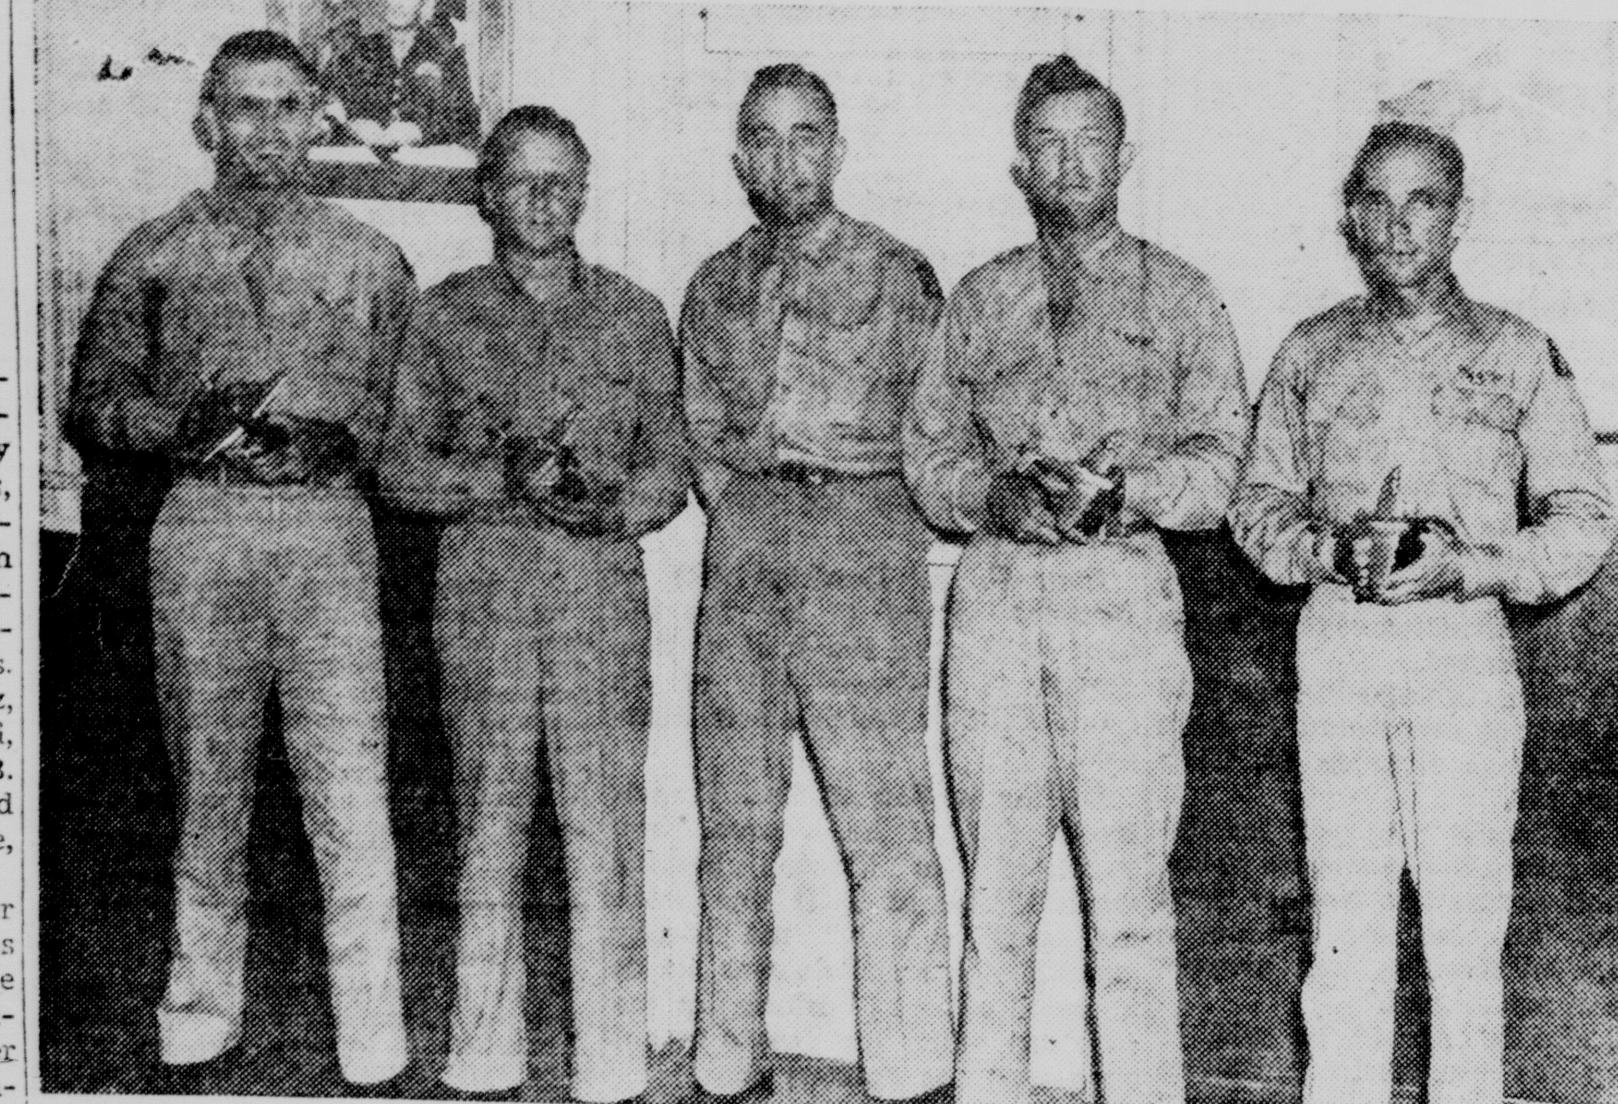

Philip C. Jones, Route 2, received his honorable discharge at Jefferson Barracks on October 12 and has arrived home, after thirty-four months of service, twenty-eight of which were spent in the European Theatre of Operations. He served in England, France, Belgium, Holland and Germany and was awarded five bronze stars for campaigns of Northern France, Normandy, Ardennes, Rhineland and Central Europe.

He is the son of Mr. and Mrs. H. Clay Jones, Star Route, Sedalia, and his wife was the former Miss Ardelle Warren.

## Pfc. Jack Collins In Letterman Hospital

Pfc. Jack Collins, son of Mr. and Mrs. Harry Collins, 629 East Eleventh street, has landed in San Francisco and is at the Letterman General hospital. With the paratroopers in the 11th Airborne division he was in combat on Luzon. About three months ago he became ill and was in a hospital at Okinawa and later at Guam. He said that he is feeling fine and happy to be back in the United States.

## Presented Replicas of P-47 Thunderbolts

Five reasons why Galveston Army Air Field trainee pilots achieved the highest fighter gunnery scores in all gunnery schools in the nation are the combat veterans pictured here. They are, left to right: Captain Butler B. Toland, commander of Training Squadron 1; Lt. Colonel Albert W. Schinz, director of training; Colonel Arthur G. Salisbury, of Sedalia, station commander; Capt. Archie B. Swanson, commander of Squadron 2, and Capt. Morris H. Watkins, commander of Squadron 3. Miniature airplanes held by the officers are replicas of P-47 Thunderbolts presented by Colonel Salisbury for outstanding achievement of the leaders in making the gunnery record possible.

## Social Welfare Conference On

The West Central Regional Conference of the Missouri Association for Social Welfare, a layman's organization will meet Thursday, November 1, at Booneville, Mo.

The morning program will be held at the Christian church in Booneville with a luncheon at 12:15 o'clock at the Hotel Frederick. The afternoon session will begin at 2:00 o'clock at the Frederick hotel.

The entire meeting will be built around the problem of juvenile delinquency over which there is so much concern at the present time.

The outstanding speaker at the banquet will be Benjamin Youngdahl of the School of Social Work of the Washington University, St. Louis, who has just returned from a survey in England and the occupied countries in the interest of the U. N. R. A.

Anyone wishing to attend the meeting may do so. Reservations for the luncheon must be made before October 27 with Mrs. Marjorie Steere, Social Security Office, Booneville.

## Message Tells Of Son's Death

Mrs. Roy Woodard, Jr., and Mr. and Mrs. Roy Woodard, Sr., of California, Mo., received a telegram from the war department last week informing them of the death of their husband and son, Roy Woodard, Jr., 23-year-old machinist's mate second class of the Seabees. No details were given concerning how he was killed on Tinian Island October 5 other than that death was the result of a head injury. His wife and parents had been expecting him to arrive home within the next several weeks.

Woodard enlisted in the navy September 26, 1942, and had served three years in the South Pacific with the Seabees.

Surviving other than his wife, the former Miss Geraldine Bollin, whom he married four years ago, and parents, are seven sisters, Mrs. Anna Sickmeyer and Mary Lou Woodard of St. Louis, Mrs. Goldie Brown of Winfield, Kas., and Rachel, Kathryn, Dora Lee and Jane Woodard of the home, and his grandparents, Mr. and Mrs. Oliver Jenkins.

His body was interred in an American military cemetery in Tinian.

**Right to Complain**  
When bears from a U.S. national park broke into homes and stole meat and sugar, residents near Rocky Mountain National Park, Colo., queried the government about making up the lost ration points.

**Stomachs of Gold**  
Alligators captured in Panama frequently have "gold-lined stomachs," the gold being picked up while the reptiles eat on lime deposits in the beds of rivers.

**Forcible Marriage**

Two and one-half centuries ago, bachelors were considered undesirable in Canada and they could be made to forfeit their privileges of citizenship if not married within 15 days of the arrival of a bride ship.

**Shoes Taboo**

Japanese believe it is sacrilegious to enter a house wearing shoes, and native hotels are caused a great deal of annoyance. Visitors are stopped at the door and offered a pair of house slippers in return for the street shoes.

**Mrs. Moore Delegate**

Mrs. Virginia Rose Moore, 815 West Third street, has gone to Chicago as a delegate from the state of Missouri to attend the National Hairdressers Association show being held there.

FORT WORTH, Texas, Oct. 20. Miss Rosemary Burrowes, news editor of the Sedalia Democrat, is making a tour of the Rio Grande Valley in a business car of the Missouri Pacific, as special guest of John T. Stinson, director of agricultural development of the railroad.

Accompanying the party are Mrs. Stinson, W. S. Polard, for 35 years claim agent of the Frisco railroad, now retired of Kansas City, and Miss Burrowes' brother, Lon M. Burrowes, managing editor of the St. Louis Globe-Democrat.

The party spent a day at Ft. Worth entertaining the Burrowes' brother, Mark W. Burrowes, night editor of the Star-Telegram, and wife. The trip will include visits at San Antonio, Brownsville, Monterey, and Matamoras, Mexico.

**Cpl. K. K. Neill At Surrender**

Enlisting in the air forces in June, 1942, he was called to active service the following December 1. Receiving basic training at Randolph Field, San Antonio, Tex., he, with 17 other boys, was chosen there from 8,000 to be sent to the Royal Air Force training camp at Terrell, Tex. These 18 boys were the only American boys in the camp—the rest were British.

**Made An Instructor**

There Lowrey received his United States and British wings and was commissioned October 1, 1943. After flying in the RAF Ferry Command at Milwaukee, Wis., he was made an instructor and test stunt instructor at Merced, Calif., later going overseas as co-pilot on a Flying Fortress with the Eighth American Air Force, based in England. There he advanced to first pilot and trained new crews in actual combat.

Many of his bombing missions were made over the principal cities of Germany and more than one over Berlin. He was flying a radar plane on his last mission.

Lowrey was awarded the Air Medal with four Oak Leaf clusters and Presidential Unit citation.

The War Department stated that since no trace of Lieut. Lowrey could be found, it was forced to declare a finding of death, further stating that just after the bombs were dropped, his plane received a direct hit from enemy aircraft fire which completely severed the right wing. The plane, falling out of control, spun downward, exploding and crashing on a small island in Stettin bay. The pilot, co-pilot and three others of the crew were killed, while five were able to bail out and were captured by the Germans.

**Doubted Surrender**

When the Missourians and their fellow soldiers pushed the nose of their sub-chaser into the cleverly concealed hideout, they were under the surveillance of hidden machine guns and small arms.

A Japanese prisoner of war, captured earlier in the campaign, was ashore with a white flag and was still fighting. Their only contact with Americans had been a bomb load of high explosives delivered on their base and PT boats last April by forty B-24 bombers. The only means of reaching their base was by boat.

**Visit To Growers Of Nursery Stock**

Mr. and Mrs. L. H. Archias, Jr., returned Friday night from Chicago and points in Michigan where Mr. Archias has been visiting some of the growers of nursery stock for the Archias Seed and Florid Company.

Mr. Archias reports that the small fruit plant crop is in excellent shape and that the supply for fall and next spring planting will be ample for the customers.

Weather conditions in Michigan have been ideal this year, especially in the section where the Archias company does growing.

He declares.

**Air Medal to Capt. J. W. Russell**

ICD-ATC, HQ. CALCUTTA—Capt. James W. Russell, pilot, Sedalia, Mo., has been awarded the Air Medal, it has been announced by Brig. Gen. William H. Tunner, commanding general of the India China Division, Air Transport Command.

The award was made for participation in aerial flights in transport aircraft over the dangerous and difficult India China air routes, where enemy interception and attack was probable and expected.

The air trail over the Hump, famed route through the towering peaks of the Himalaya mountains, blazed by the Air Transport Command, is recognized by airmen as the world's toughest. Until a few months ago the Hump route was the only lifeline of vital war materials for Allied forces fighting in China.

The citation accompanying the award adds:

"Flying at night as well as by day, at high altitudes over impassable, mountainous terrain through areas characterized by extremely treacherous weather conditions necessitating long periods of operation on instruments... requiring courageous and superior performance of his duties to overcome... he accomplished his mission with distinction."

Clemens received primary flight training at Coleman, Tex., basic at Waco, Tex., and advanced at Aloe Field, Victoria, Texas.

After graduation from Smith-Cotton, he was employed by the Consolidated Aircraft corporation, San Diego, Calif., and later was employed by the McDonnell Aircraft corporation in St. Louis until he entered service in January, 1943.

## Great Ships in For Navy Day

President Truman To Review Fleet Units Saturday

NEW YORK, Oct. 25.—(P)—Naval craft ranging from some of Uncle Sam's mightiest seagoing fighters down to diminutive patrol vessels left berths in New York harbor today and steamed slowly into the fog-shrouded Hudson river to their anchorages for the most spectacular Navy Day in the city's history.

Fifteen fleet units, already acclaimed and inspected by hordes of New Yorkers, will anchor along the Hudson for review Saturday—Navy Day—by President Truman. Later they will return to their piers for further visits by civilians.

Rear Adm. Monroe Kelly, commanding of the Third naval district, said 1,200 navy planes—the greatest number ever assembled for such an occasion—would roar overhead as the president's review ship moved along the line of aircraft.

The order, issued "by direction of the Allied powers," told the Japanese government to recall "immediately" its diplomatic and consular representatives home from neutral countries.

Purpose of the order, other than the apparent one of revealing to the Allies all Japan's diplomatic and consular secrets, was not disclosed. It came to MacArthur from the joint chiefs of staff at Washington.

Meanwhile, Vice Adm. Emory S. Land, war shipping administrator, directed the 4,300 vessels of the American merchant marine, including approximately 200 now in New York harbor, to dress ship for navy day.

President Truman will arrive early Saturday and will commission the giant aircraft carrier Franklin D. Roosevelt as his first official Navy Day act.

Celebrate at Park

Escorted by a large motorcade, the president will tour miles of city streets and attend a Navy Day celebration in Central Park. Some 2,000 bluejackets, marines, Waves and Coast Guardsmen will escort him up lower Broadway from The Battery to city hall.

He will board the battleship Missouri for luncheon with Admiral Jonas H. Ingram, commander in chief of the Atlantic fleet. At 2:30 p. m. (CST), he will board the destroyer Renshaw, veteran of almost two years fighting in the Pacific.

Then, while 1,200 navy fighters and bomber planes roar overhead for two hours in the greatest air show of its kind, the presidential destroyer will steam past the mighty armada lined up in the Hudson river.

An almost continual thunder of 21-gun salutes will mark President Truman's progress north along the long line of ships which includes the battleships New York and Missouri, carriers Midway, Enterprise and Monterey, and other famous veterans of Pacific warfare.

The president returns to Washington by train at 4:45 p. m. (CST).

## House Defers Action On Bill To Protect Military Secrets

(Continued from page one.)

passed by the senate, after being amended there to meet protests of Sen. Ferguson (R-Mich.). It was reported to the house by the judiciary committee without hearings. Several members took the floor to criticize this action, urging that a full public discussion should be held."

Rep. Halleck (R-Ind.) shouted that the bill would "seal the lips" of Rear Admiral Husband E. Kimmel and Lt. Gen. Walter Short, commanders at Pearl Harbor, and "all those who have information about Pearl Harbor contained in coded messages."

Rep. Brown (R-Oio.) said the bill is so broad that it "strikes at the very roots of freedom of speech and freedom of the press."

Would Hamper Newsman

Rep. Clark Booth Luce (R-Con.) interposed that she thought it would prevent a newspaperman from getting "behind the scenes" of news unless they went to a government department head.

The Republican opposition was trained particularly on a provision that would let the President set regulations for disclosure of information about coded messages. The bill would provide a maximum penalty of 10 years in jail and \$10,000 fine.

Rep. Rankin (D-Miss.) said the complaint he had with the bill "is that it does not go far enough." He told the house it should include also preservation of the secret of the "know how" of the atomic bomb.

Eats Fried Chicken For First Time In 5 Years

TRENTON, Mo., Oct. 25.—(P)—Cpl. James A. Fitzpatrick, U.S.M.C., the first man from this community to be captured in World War II, today ate home-cooked fried chicken for the first time in five years.

He had been a prisoner on the Japanese home islands since his capture at the fall of Wake Island.

KANSAS CITY, Oct. 24.—(P)—Harold Anderson, who was granted a leave of absence as chief of police in Kansas City two years ago to enter military service, will reassume duties as chief on November 1, the board of police commissioners announced last night.

Eight hours later, telephone service was restored to 450 subscribers.

## Drastic Order Given From MacArthur To Jap Government

### Severance of Relations With Foreign Powers Demanded

TOKYO, Oct. 25.—(P)—General MacArthur today ordered Japan to sever relations with all foreign governments and to turn over its diplomatic properties and papers throughout the world to the Allied powers.

The order, issued "by direction of the Allied powers," told the Japanese government to recall "immediately" its diplomatic and consular representatives home from neutral countries.

Official explanation for the drastic order was not immediately available from Washington sources.

In its sweeping implications the order was comparable to one issued by MacArthur a few weeks ago, in which he directed that all records of Japan's banking and industrial concerns which had furthered that nation's imperialistic ambitions be delivered to occupation authorities.

Criticism From Moscow

The directive followed close upon criticisms from Moscow to the effect that with the demobilization of Japan's armed forces, the occupation policies in the conquered territories should be directed by a four-power control commission instead of by MacArthur.

The order called for "prompt compliance" by the Japanese government of the following requirements:

1. In the United Kingdom, Russia, China, the United States, France, the Netherlands and their colonies, Japan must turn over "intact and without delay" to the governments of those countries all diplomatic and consular archives and property.

2. In other countries, where Sweden or Switzerland are acting as protecting powers over Japanese interests, the defeated nation's property and archives must be delivered to representatives of "the four Allied powers" who have been instructed to receive them. The protecting powers, however, shall continue to watch over interests of Japanese nationals.

3. In all neutral countries, the Japanese missions must surrender papers and property to designated representatives of the four Allied powers. Sweden or Switzerland may be requested by Japan to protect Nipponese interests in these countries.

4. The Japanese government must "immediately" recall its diplomatic and consular representatives in neutral countries and "cease further relations with foreign governments x x x."

To Renounce Titles

Shortly afterwards, Domei news agency reported that Prince Fumimaro Konoye, royal career statesman and youngest of Japan's senior statesmen, would renounce all titles and court privileges so that he could take part in politics as a private citizen.

Konoye was prevailed upon by Marquis Koichi Kido, lord keeper of the privy seal, to delay his action until work on revision of the constitution is finished, Domei said.

The action might indicate that Konoye has determined to accept General MacArthur's suggestion, which was reported last Sunday, that the three-time premier head the liberal political movement in Japan. Konoye said in reporting the suggestion that he was undecided what he would do.

The agency, quoting what it termed reliable sources, said Konoye, with relinquishment of his title, would accept full responsibility for his part in Japan's war period.

Conferences with Japanese Christian leaders will be sought by a delegation of American Protestant churchmen who have arrived in Tokyo on a goodwill mission.

### Vote Authority To Call Strikes

KANSAS CITY, Oct. 25.—(P)—Employees of the Chevrolet Fisher body plants and the Corn Products Refining company here authorized their union officials to call a strike in a vote taken yesterday.

The automobile employees, members of Local 93, U. A. W.-C. I. O., voted 995 to 51 in favor of a general strike to support a 30 per cent wage increase demand. Results of the vote will be forwarded to the National Labor Relations Board to be compiled with similar action taken in other General Motors plants throughout the country.

In the Corn Products company vote, members of Local 1216, C. I. O., of the United Retail, Wholesale, and Department Store Employees, favored the strike by a vote of 248 to 86.

A 30 cents an hour wage increase and union shop is the issue on this case.

The balloting was supervised by the regional office of the N. R. B.

### Still Picket at Warner Studios

HOLLYWOOD, Oct. 25.—(P)—The movie strike, which has kept the film capital in a turmoil for 33 weeks, ended for the industry except Warner Brothers today.

Approximately 400 pickets appeared as usual at Warner's Burbank Studio this morning and strike leader Herbert K. Sorrell gave this explanation for continuance of the walkout at this plant.

"Warner Brothers want to be classed with other producers. But we are not classing them with the others because they used tear gas and water. We are asking Warners to indemnify every person hurt on this picket line."

Warners' answer to the picket action by hanging a large sign between two buildings behind the main gate. It read:

"As we have stated before, Warner Brothers will agree and abide by whatever settlement has been arrived at between the industry and the unions at the meeting in Cincinnati. H. M. Warner, president, Warner Brothers, Inc."

Testimony Ends In Anti-Trust Case

DANVILLE, Ill., Oct. 25.—(P)—Whether the A & P, through its

subsidiaries and its huge chain,

conspired to secure advantages over competitors and gain a monopoly in the food business in violation of anti-trust laws will be decided by Federal Judge Walter C. Lindley.

The case, in which the New

York Atlantic and Pacific Tea company and 28 officers and sub-

sidiaries were charged with con-

sidering to restrain and monop-

olize in two counts of a crimi-

nal information, was debated for 86 days in Judge Lindley's court-room before it ended yesterday.

About 200 witnesses testified

through most of the spring, sum-

mer and fall; the court record

reached 86 volumes and more

than 20,000 pages; and the gov-

ernment alone presented 4,445

documents.

The judge set Jan. 21 for oral

arguments, allowed 30 days more

for filing briefs, and then will

take the case under advisement.
